North Harbour

PARK OPENING MID-YEAR

Exciting NEW ALL-ABILITIES PARK COMING TO NORTH HARBOUR COMMUNITY

North Harbour is thrilled to announce the upcoming development of an All-Abilities Park on Fraser Drive, set to be delivered July this year. The North Harbour initiated project is set to redefine our community space and offer a truly inclusive experience for residents and visitors alike.

The All-Abilities Park will feature parking and toilet facilities, ensuring that everyone can enjoy the space comfortably. Picnic and BBQ sheltered areas will encourage communal gatherings, while state-of-the-art equipment designed for users of all abilities will provide endless opportunities for play and recreation.

In addition to these amenities, the park will offer generous open spaces, perfect for a friendly game of catch or soccer. The entire area will be seamlessly connected by well-maintained walking paths, making it easily accessible to the local community. North Harbour's dedication to creating a harmonious and welcoming environment is epitomized in this project.

All-abilities inclusions:

- Toilet facilities
- Parking
- Swings
- Sensory Wall
- Jumper
- Carousel

We look forward to bringing this exceptional All-Abilities Park to life and providing a space where everyone can come together, play, and thrive.

JULY 27 1pm to 4pm Kinship Park official opening with Wayne Bennett

WELCOME LETTER

Welcome to 'NORTH', the magazine for our residents and local community. In this magazine you will find information about local schools, community partners and businesses, upcoming events and a general guide to North Harbour living.

North Harbour was established in 2005 when the Port Binnli Group and a small group of private shareholders took the opportunity to purchase a 2000 acre site on the banks of the Caboolture River. After a lengthy development application process, we welcomed our first residents in 2015.

North Harbour and the surrounding community is home to a number of wonderful community organisations, schools, and local businesses. Some of these are profiled in each edition of NORTH.

Latest News

The Project Team at North Harbour achieved a significant milestone at the end of last year, with formal approval of the master-planning on our Business Park, Local Shopping Centre, School and our next Residential Village. As part of this growth, North Harbour will be contributing substantial new infrastructure and financial contributions to Local and State Government for;

- Local roads and highway upgrades
- New sporting facilities
- New parks and playgrounds
- Environmental management and conservation actions

On the back of this milestone, our team is rapidly advancing;

- Business Park stage 1 delivery
- Shopping Centre design
- Provider selection for Prep to Grade 12 independent school

I look forward to bringing a flurry of exciting announcements to the community in 2024 as we advance.

Coming Up

Extensive construction has been undertaken over the last 18 months and major works milestones are not far away.

Delivery of the final land in the first of our three precincts is now underway and completion will be another significant milestone to look forward to in the near future.

I am extremely happy with the high standard of development quality achieved through our Civil, Electrical and Landscaping designers and contractors. This quality will stand the community in good stead as it matures.

The construction of our second access road is also nearing completion, with the bridge built and a majority of the 2.5km of new road now asphalted. This road will shorten the drive time for travel to Morayfield, Caboolture, or north towards the Sunshine Coast and beyond.

Our massive investment in bulk earthworks has set the platform needed to deliver the Business Park as quickly as possible. With strong demand to establish here from a range of companies, the Business Park will soon be thriving.

We continue to receive great support from the City of Moreton Bay on our plans for the Marina precinct. Council and ourselves are working well together to provide the detail the State and Federal governments have requested before advancing the approval process. I look forward to sharing more news on this as soon as possible.

Award Winning

North Harbour is a multi-award winning and environmentally accredited development. In November 2021 we won the Excellence in Parks and Recreation category at the prestigious UDIA Queensland Awards for our extensive parklands and open space. This is added to our 2018 win for Best Residential Subdivision in Queensland.

We are delighted to be recognised as industry leaders and will continue to strive to achieve the highest levels of both community and environmental excellence in all we do.

As part of the commitment, we undertook and achieved 'EnviroDevelopment' accreditation in all 6 elements of the program. EnviroDevelopment is a scientifically based assessment scheme which independently reviews development projects and awards certification to those that achieve outstanding performance in key environmental considerations – Ecosystems, Waste, Energy, Materials, Water and Community.

I hope you enjoy this edition of North, and if you require further information please contact our team (contact details are on the back of this magazine). Our office is open 7 days a week, 10am – 5pm.

Best regards,

Bryan Finney

North Harbour Project Director

NORTH HARBOUR LAUNCHES BUSINESS PARK *in the heart of Moreton Bay*

North Harbour is pleased to announce that Stage 1 of the North Harbour Business Park was sold out within three weeks. An amazing achievement demonstrating the need for MIBA space within the City of Moreton Bay.

Stage 2 is now open for expressions of interest. With Lots ranging from 1,800 sqm to 40,000 sqm it will be an outstanding opportunity for owner occupiers and tenants alike to secure industrial land within one of Southeast Queensland's Largest Developments.

Featuring large, flat sites with easy access to the Bruce Highway, the \$1B North Harbour Business Park is set to inject fresh energy into the Northern Growth Corridor.

This dynamic development is projected to generate an estimated 6,416 jobs, redefining the economic landscape and underpinning the City of Moreton Bay's rapid growth.

"The benched and level industrial land will be adjacent to other retail and commercial enterprises drawing further business to the region".

"North Harbour is perfectly positioned for businesses to capitalize on the burgeoning demand across various sectors in the heart of one of Australia's most exciting growth corridors."

Tom Hall-Brown, Development Manager

NORTH HARBOUR *Display Village*

Come and discover a treasure trove of inspiration and innovation at North Harbour's magnificent Display Village — a haven for house hunters in Southeast Queensland!

As one of the largest showcases in the region, our Display Village boasts an array of breathtaking home designs crafted by Australia's finest and most reputable builders. A must-visit destination for anyone dreaming of their perfect home.

Step into a world of design excellence, where every interior and exterior detail awaits your admiration. With 37 homes to tempt new residents.

From cutting-edge kitchen and bathroom finishes to enchanting alfresco spaces, butler pantries, media rooms, and a captivating range of modern and traditional facades, you'll find it all on display. Discover the beauty of single and double-storey options, unlocking endless possibilities for your dream home.

Eager to explore the talents of our home builders? Don't hesitate to discover the display homes that await your visit at our remarkable Display Village. Prepare to be inspired beyond your imagination as you embark on a journey towards creating the home of your dreams.

COME AND TALK TO US ABOUT OUR LATEST LAND SALES!

The North Harbour Sales and Information Centre is located just 200m from the Display Village. Our friendly, experienced and professional team is available between 10am – 5pm every day.

We have visitor packs including Display Village maps, pens, bags, and plenty of information available to get you prepared for a visit.

We also have a café on site offering hot and cold beverages and light meals and snacks. There's a playground for kids to play in and plenty of space to sit while you discuss options over a coffee.

For more information on our display homes and the exceptional builders behind them go to www.northharbour.com.au/displayvillage.

Delivery is underway of our latest village, THE AVENUES.

You can secure the perfect land for your dream home and elevate your lifestyle in this master-planned community.

We are working on detailed designs of the village which is in close proximity to Heritage Park and the Caboolture River. It will have easy access to the Bruce Highway and is in walking distance to the retail precinct. The first stages for release in 2024 are also alongside a 1.5-acre park and play space.

Port Binnli

“We are a small group of families determined to showcase the best in development.”

Creating innovative projects in terms of design, construction and liveability is something Port Binnli and associated companies have been doing for more than 30 years.

Three ‘dyslexic left-handed’ business owners, Peter Hooke, Neil Morris and Malcolm Hall-Brown formed Port Binnli Pty Ltd in November 1993 to develop a marina project at Raby Bay, in Southeast Queensland.

Since then, the company has expanded significantly, and is now a multi-faceted enterprise with projects throughout Queensland. The business continues to evolve, having introduced the next generation as we bring in our families to continue with these projects.

The largest so far is the award-winning Mackay Marina Village which has been in operation for more than 20 years.

Our focus is now on developing North Harbour (under North Harbour Holdings) an already award-winning development, into a world-class residential, commercial and lifestyle precinct for the Moreton Bay region.

This will become our biggest project to date, encompassing residential, a business Park, Retail Precinct and a proposed Marina and associated industry – attracting economic and infrastructure growth to the region.

“We currently have more than three thousand residents and are striving to achieve the highest levels of both community and environmental excellence in everything we do.”

When the three owners first came together, we realised that despite our individual shortfalls, we create some magic together because we all think very differently. “We are all left-handed and dyslexic, but dyslexic in different ways so we look at things incredibly differently.”

What commenced as a hobby for three businesspeople, with their own companies turned into a business of itself that is now a well-recognised player in the Queensland property development industry.

We are proud to be at the forefront of creating developments that are not only a wonderful place to live but are sustainable destinations to visit and enjoy.

The Port Binnli story is carved out by our prior developments. We have seen over the years that our visions can be hard to grasp by those unfamiliar with our combined skills. However, through our tenacity and dedication to each other and our projects, we share significant milestones achieved together.

The success of Port Binnli can be attributed to a pioneering spirit and the mix of skills the trio combined of Peter, Neil and Malcolm.

We want to ensure that Port Binnli and the associated companies continue to create innovative projects in terms of design, construction and liveability that stand the test of time. All of our projects prove our commitment to sustainability. We are at the forefront in creating world-class precincts that are not only great places to live but are destinations to visit and enjoy.

Peter Hooke

Neil Morris

Malcolm Hall-Brown

Mackay Marina

Mackay Marina has matured into a beacon for the city of Mackay and Port Binnli has bolstered this beacon with the development of several hundred apartments and town- houses, a hotel and a thriving retail and industry precinct.

25 years and several marina of the year awards since opening, Mackay Marina is now undergoing a transformation. Port Binnli with assistance from the State and Federal Government are constructing a \$10.5m Nib wall to better protect The Marina and its occupants from adverse weather and cyclonic conditions.

The construction of this wall and the ability it brings to providing a safer haven will translate into further investment by Port Binnli into the Marina and its facilities well into the future and ensure the resilience of the community, tourism, and fishing industries.

As well as being twice named Marina of the Year, we are a certified Clean Marina and the first marina in Queensland to qualify for Fish-Friendly Status. It is also a 4 Gold Anchor marina under this international audit system, which sets industry benchmarks for quality service.

Mackay Marina has over 400 berths for all types of vessels ranging from 10m up to 55m. We pride ourselves in being a clean and fish-friendly accredited marina, under the Marina Industry Association (MIA) independent assessment and accreditation process.

Clarion Hotel, Mackay Marina

Clarion Hotel Mackay Marina is a popular Mackay precinct which also includes an eight-level hotel built in 2005 standing on a 6,407sqm prime waterfront site offering views over the Coral Sea.

As well as being twice named Marina of the Year, Mackay Marina is a certified Clean Marina and the first marina in Queensland to qualify for Fish-Friendly Status. It is also a 4 Gold Anchor marina under this international audit system, which sets industry benchmarks for quality service.

Raby Bay Marina

Raby Bay Marina is a modern, boutique-style marina with 75 floating berths nestled in the protected waters of Cleveland, to the south of Brisbane. Surrounded by a boardwalk, the marina occupies a prime position in the heart of an entertainment and dining precinct as well as being in close proximity to supermarkets, shops and other services.

North Harbour

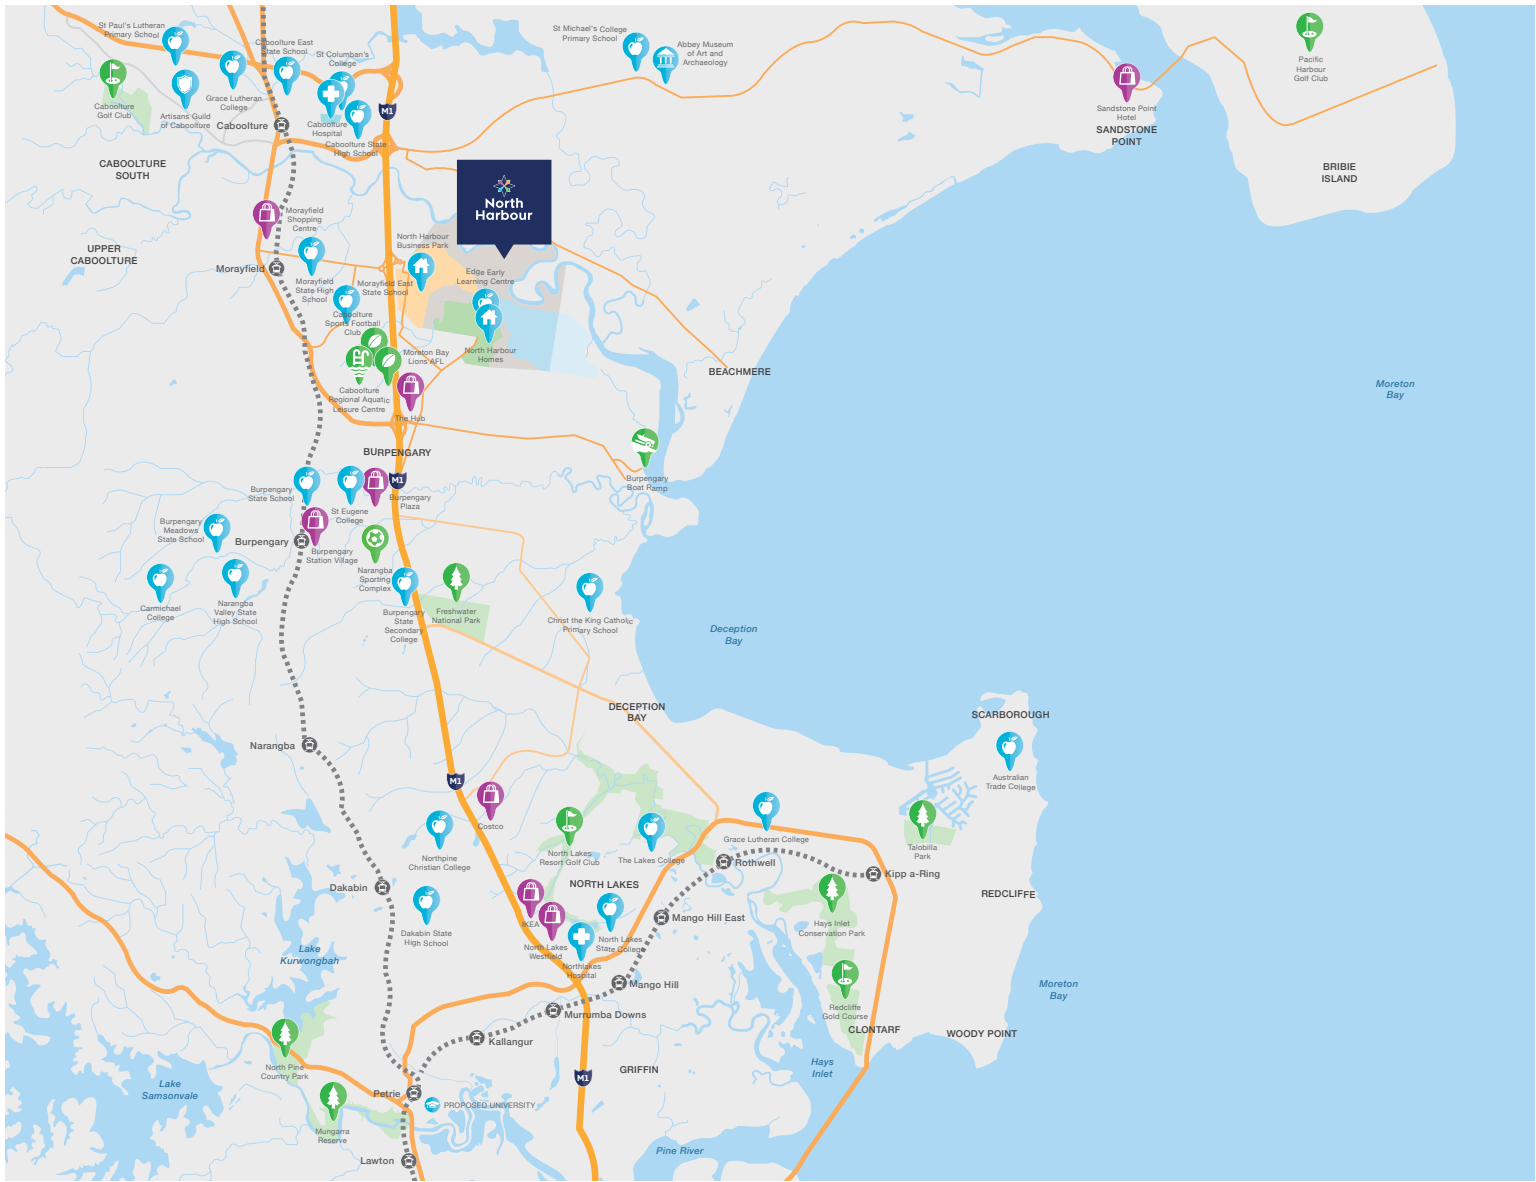

North Harbour was declared a Significant Project by the State Government in 2006, about 10 years before the first residents moved into their new homes. The City of Moreton Bay has named North Harbour as one of five major projects under its Regional Economic Development Strategy 2020-2041.

In 2009, the Queensland Coordinator-General accepted an Environmental Impact Statement (EIS) prepared for the project and recommended full approval, including the North Harbour Marina Precinct, subject to a range of conditions. Since that time, further planning and environmental approvals have been granted and the North Harbour Marina component of the project has become a top priority for The City of Moreton Bay.

Kunda Park Central

Kunda Park Central is one of Port Binnli Group's first significant industrial developments delivered on the Sunshine Coast in 2005 at Hoopers Road, Kunda Park.

YOUR LOCAL COMMUNITY

Population

Two decades from now Moreton Bay will boast a \$40 billion economy, be home to an additional 240,000 people and will have created 100,000 more local jobs.

North Harbour Central

The Ultimate Neighbourhood Hub is coming to North Harbour for the entire community to benefit from.

Anchored by the only full-service supermarket located to the east of the Bruce Highway, North Harbour Central will feature a diverse range of specialty and convenience retailers; a full-sized supermarket, food and beverage outlets, tavern, speciality shops, medical suites, office space, childcare, carwash and service station.

Located in Burpengary East, 50km from both the Brisbane CBD and the Sunshine Coast, North Harbour Central is within 1km of the Bruce Highway.

The purpose built, modern neighbourhood shopping centre is directly accessible via both the highway and other major arterial roads.

A complete neighbourhood, lifestyle hub

Telecommunication Tower

North Harbour is keeping you connected! North Harbour and Amplitel (on behalf of Telstra) have teamed up for the installation of a new mobile tower to be located on Hardward Drive.

North Harbour and Amplitel have been working together for the last 3 years to locate the tower so it provides the best coverage and the least disruption to residents.

Amplitel anticipate that they will have the tower operational in the 3rd quarter of this year and we'll make sure to keep you updated if anything changes. With the community growing rapidly bandwidth is vitally important.

We're looking forward to the positive impact this tower will have on our community's communication network.

North Harbour Boulevard road construction

North Harbour Boulevard

As we continue to expand with the successful launch of North Harbour Business Park, we're thrilled to share progress on our latest road construction.

Since completing design and gaining approvals, construction has been progressed very well despite significant challenges, namely the 2764mm of rain that has fallen and some 140 working days of delay due to inclement weather.

The rain delays have allowed detailed design and approval of other major infrastructure for North Harbour to catch up to road construction. As a result, 2000m of water main pipework is currently being installed alongside North Harbour Boulevard. Constructing this now will avoid lane closures and traffic delays once North Harbour Blvd is open to traffic.

We're pressing on with an anticipated opening date of November 2024 as currently programmed.

COMMUNITY PARTNERS

BUILDING STRONGER COMMUNITIES THROUGH MEANINGFUL SPONSORSHIPS

North Harbour has firmly established itself as an integral part of the local community, celebrating more than five years of active sponsorships and other engagements.

With a steadfast commitment to community engagement and support, North Harbour continues to uplift the region through its involvement in various community events and partnerships with local groups.

North Harbour's dedication to being a good corporate citizen is evident through its sponsorship and support of more than 20 local community events and groups.

From major community gatherings to underrecognised initiatives making a significant impact, North Harbour consistently extends its helping hand to enrich the lives of the residents it serves.

Development Manager Tom Hall-Brown said North Harbour takes pride in contributing to the growth and vibrancy of the community.

"Beyond high-profile events, North Harbour extends its support to lesser-known groups that are actively making a positive difference in the local fabric."

Being an active part of the local community is a core value for North Harbour, and sponsorship serves as a means to give back to the community that wholeheartedly supports its endeavours.

"The philosophy of partnership for sponsorship runs deep at North Harbour, demonstrating the collaborative effort to uplift the community's overall well-being," Mr Hall-Brown said.

Among the notable sponsorships, North Harbour proudly partners with the Dolphins NRL team, reflecting its commitment to supporting sports and entertainment within the community. This partnership underscores North Harbour's belief in the transformative power of community engagement through strategic sponsorships.

As North Harbour continues its journey of building stronger communities, its partnership philosophy exemplifies the significance of collaboration and the profound impact it can have on the local residents' quality of life.

"We believe that by supporting local events and community groups, we can contribute to the thriving spirit of the region that has embraced us for more than five years. Sponsorship is a way for us to give back, invest in the community's growth, and create a positive impact on the lives of our fellow residents."

Mr Hall-Brown

You can find out more about who we currently sponsor and the simple application process of our Community Grants on our website www.northharbour.com.au/burpengary-community/grants

**North Harbour
HOMES**

Experts in Property Management

North Harbour Homes Property Management is now an integral part of the vibrant North Harbour community, nestled in Burpengary East and developed by Port Binnli. With North Harbour Homes Property Management, your investment is in capable hands.

At North Harbour, we believe property management should be a benefit, not a burden to ownership. Our goal is to offer value-added services, tapping into our strong local network to benefit our clients.

Our approach hinges on transparency and precision. Owners aren't just welcome, but encouraged to join inspections, giving them firsthand assurance of their property's meticulous upkeep. Our Builder Handover Inspections exemplify our commitment to detail, guaranteeing each property is presented in its prime condition.

Leading the charge is Belinda McMahon, a seasoned property manager with more than two decades of experience.

Belinda's dedication to top-notch customer service and a keen eye for detail sets the tone for our team.

Ankit Kumar bought an investment property in Burpengary East and fortunately came in touch with Belinda McMahon who made the whole experience of renting out the property worry free.

"Belinda assisted us thoroughly in getting the property ready for lease and referred us to the right trades people, who then took care of our property at a reasonable price. Once the property was ready to be leased, Belinda then took great care in selecting the right tenants for our property. To the hard-working families or the people who are self-managing their Super, like us, out there, we highly recommend Belinda McMahon as a property manager."

Belinda McMahon

We're excited about Belinda's leadership and eagerly anticipate contributing to the ongoing success of the North Harbour community. For more information on North Harbour Homes, visit www.northharbourhomes.com.au.

Discover the Beauty of Riverside Parkland — Reopened and Ready for You!

Right on your doorstep is the hugely popular Heritage Park, now open on weekends between 6am and 6pm with the outlook to open again fully in 2024, offering an oasis of natural splendour right at your doorstep.

Heritage Park, a beloved centerpiece within this vast expanse, captivates with its unique size and scope, setting it apart from any other development in the region. Step into a world of adventure, where mountain bike and walking trails beckon, and picnic and BBQ areas await.

As we preserve the historical remnants of this cherished site, Heritage Park stands as a testament to North Harbour's commitment to maintaining its stories past.

Since 2011, this exceptional park has earned its rightful place on the Queensland Heritage Register, recognized as a place of significant importance for the State.

Delve deeper into the past as you explore the Compass Centre, and follow the Heritage Trails, where the echoes of yesteryears' residents can still be felt.
